

## **NZNDTA GIVE APPROVAL FOR CONSTITUTION**

CBIP asked members present at the SGM to vote acceptance for a new Constitution that would allow them to restructure their business operations.

Under the existing constitution, the approval of NZNDTA was required. NZNDTA advised the meeting that they would be seeking approval from their membership first, and this has since been given.

NZNDTA positive affirmation and offer of ongoing support, is welcome news for CBIP who look forward to working with NDT in the future.

Notices of changes within CBIP will be announced progressively over the next month.
